Epic Development of Atlanta Receives Houzz's 2013 'Best Of Houzz' Award

*Annual Survey and Analysis of 11 Million Monthly Users
Reveals Top-Rated U.S. Professionals*

Atlanta, GA -- January 31, 2013 – Epic Development of Atlanta has been awarded “Best Of Houzz” 2013 in Design by Houzz, the leading online platform for residential remodeling and design. Epic Development, an Atlanta-based full service residential and light commercial contractor that offers design/build services with an emphasis on design, was chosen by the more than 11 million monthly users that comprise the Houzz community.

The Houzz “Best Of Houzz” award for 2013 is given in two categories: *Customer Satisfaction* and *Design*. *Customer Satisfaction* award winners are based on homeowner members who rated their experience working with remodeling professionals in 12 categories ranging from architects and interior designers to contractors and other residential remodeling professionals. *Design* award winners’ work was the most popular among the community of 11 million monthly users, also known as “Houzzers,” who saved more than 124 million professional images of home interiors and exteriors to their personal ideabooks via the Houzz site, iPad/iPhone app and Android app.

According to Rick Bennett, principal in charge of design and construction at Epic Development, “It’s quite an honor to be recognized by the Houzz community. Epic Development strives every day to deliver projects with the most innovative and compelling design regardless of the architectural style. The Houzz Award, with its international draw of users, is a validation on a much larger scale that we are meeting those goals.”

“Houzz provides homeowners with an in-depth, 360-degree view of building, remodeling and design professionals through images of their work, reviews and an opportunity to interact with them directly in the Houzz community,” said Liza Hausman, vice president of community. “We’re delighted to recognize Epic Development among our “Best Of” professionals for design as judged by our community of homeowners and design enthusiasts who are actively remodeling and decorating their homes.”

With Houzz, homeowners can identify not only the top-rated professionals like Epic Development, but also those whose work matches their own aspirations for their home. Homeowners can also evaluate professionals by contacting them directly on the Houzz platform, asking questions about their work and evaluating their responses to questions from others in the Houzz community.
