Epic Development Earns Four OBIE Awards from the Greater Atlanta Home Builders Association

(Atlanta, GA – November 17, 2011) -- Epic Development, a full service residential and light commercial contractor that offers design/build services, was recognized for the second year in a row at the Atlanta Homebuilder's Annual OBIE Awards presentation dinner where it received an OBIE in each of the four categories in which it competed. The Sales and Marketing Council of the Greater Atlanta Home Builders Association presents the OBIE Awards annually to recognize outstanding achievement. The OBIE Awards have been considered the highest honor in the housing industry.

The company won in the categories of Outdoor Living Under \$75K, Infill New Construction Under \$299K, Remodel Under \$250K, and Remodel \$250K - \$500K.

Epic Development's Rick Bennett, director for design and construction said, "It's just another indication that we're onto something. We work diligently to understand the latest trends and bring the most valuable ones to the market in a way that our customers can appreciate and afford."

Bennett's business partner Jim LaVallee, director for marketing and development added, "We appreciate the ability to live and work in the Atlanta market which is so vibrant, challenging and engaging. The Greater Atlanta Home Builders Association deserves a lot of credit along with all of the winners for everything they do to promote quality construction in our great city."

This year's additional OBIES bring Epic Development's total to nine. "Our goal is to contribute to our industry and improve the options available to our customers even more in the future" adds LaVallee.

The OBIE Awards began in 1980 and have grown throughout the years to now feature building, remodeling, marketing, and personal achievement categories in which to enter. The OBIE Awards, named after the obelisk shape of the actual award given, are the premier awards in the new home construction industry. Awards are given to recognize outstanding achievement in new home building, marketing, remodeling and personal achievement categories. For more information, please visit
